President's Message

A couple of weeks before Reunion 2015, I notified the Vice-President and Past President of my intention to resign from my position as President (as well as other roles). At the Reunion organizational meeting on August 14, 2015, I followed up by making my intentions known to the remaining executive members as well as the Area Reps in attendance.

I indicated that my resignation was effective immediately in order to allow for a possible replacement to take office during the weekend. I also indicated that I would not leave the Association without a President if someone didn't step forward but that, in that case, I'd remain in the role, but would not withdraw my resignation.

The Executive and Full Council, have overseen a good deal of change and activity over the last few years. The matter of the so-called "Building Fund" has been settled and the various material holdings that have been kept in storage for many years have been transferred to the Colchester Historium and the Little White Schoolhouse Museum.

The Full Council identified a dire financial situation which developed over many years and would have led to the demise of the Association within a year had changes not been made quickly. To address this situation, a number of policies were

amended or eliminated and the pricing structure of the Reunion was updated to reflect current costs. As a result, Reunion 2015 was financially successful and a Reunion will occur in 2016.

Change is often difficult and these changes did not occur without a cost. I know that some of the actions of the Full Council - under my leadership - offended some people. I know that my actions (and/or perceived inaction) and intentions have been the topic of extensive discussion in some circles. In the end I am confident that the greater good of the Alumni Association was always the goal of all decisions made by the Full Council and I thank them for their support and dedication to the Association.

So, while it is still many months until Reunion 2016, I encourage you - the membership - to become actively involved in the search and selection of the next Association President. This task should not be left to the Nominating Committee as I explained at the General Meeting in August. It is the responsibility of all members to work for and toward the sustainability of the Association and part of that work is to suggest willing and able individuals to fill the various roles required. Those suggestions should be forwarded to the Past President or can be sent to me to pass along. It should be noted here that the current Vice President accepted that office on the understanding that she was not interested in being the

BUILDING FUND

A discussion about the Building Fund took place. It started when Dr. Jane Norman left \$10,000 to the Alumni with the idea of someday purchasing a building to house the artifacts from the Nova Scotia Teachers College, and the Provincial Normal College. This would also have given us a place where we could display the artifacts. The fund grew over the years, and now it contains about \$54,000. We had hoped to get space in the Old Normal College, but it would have depended on who got the building, and if it could be repaired. The NSTC Alumni had control of the money, but we could not write receipts, so it was under the care of the Little White Schoolhouse Museum. The artifacts were stored at Willow Street School until it closed, then they were moved to a storage locker. The monthly fee was paid for out of the Building Fund. It has always been a concern about what to do with the artifacts, and the money in the Building Fund. The Colchester Museum was contacted a few years ago to see if they would take any of the artifacts. At first they said no, but now they said yes. The Locker was cleaned out this Spring, so now most of the material is housed in two museums, The Colchester Museum and the Little White Schoolhouse Museum. The items that are left are stored in a smaller locker at Metro Storage. The cost of the storage is a little

more than \$60.00 a month. We hope to get space in the new library to store the remaining items. It is hoped that over time the Little White Schoolhouse will be able to display some of the items on line, and perhaps put some of the Yearbooks on a scanner.

The Building Fund has approximately \$54,000. in it. The money from the Silent Auction goes to the Little White Schoolhouse Museum, also \$1.00 from our Registration Fee goes to the LWSH.

Our proposal is to write a cheque for \$15,000. to the Colchester Museum, and turn the rest over to the Little White Schoolhouse Museum.

It was moved by Sandy MacDougall and seconded by Krista White to accept the Building Fund Report as presented. Motion carried.

It was moved by Sandy MacDougall and seconded by Krista White that we write a cheque for \$15,000. to go to the Colchester Museum, and present the remainder of the Building Fund money to the Little White Schoolhouse Museum. Motion carried.

It was also determined that the \$1.00 from the registration fee will no longer go to the Building Fund.

PRESENTATION—HERITAGE COMMITTEE
Ken Henderson a Music Graduate of the NSTC gave the following presentation. He talked about the Normal College Building, and the preservation of the history and memory of the NSTC and its predecessors: The Provincial Normal School, The Nova Scotia Normal College, and The Provincial Normal College.

The Provincial Normal College needs a lot of repair. It was designated as an Historical Property by the Town of Truro and the province. Because of that, they did get some grants to help with the repairs. The town of

Truro did some maintenance, just enough to stabilize the building, but it was far short of what they needed to do the complete job. There were leaks in the roof which they did repair.

The town of Truro has been trying to find uses for the building for about 8 years. It has been vacant for many years. They put out a proposal to try and find some groups that would be interested in renting space in the PNC Building. There was one response the NSTC Alumni. They were interested at that time in renting space to store the artifacts from the Provincial Normal College.

The building is being repaired, but it is not fully restored. The work on the windows and the brick work has been done. Other work has also been done. The PNC Building originally had a tower. It would cost \$75,000 to \$100,000 to replace the tower. A pre-built tower is possible, but it is not funded by the Library Project Fund, and the Town won't pay for it. The town of Truro has already assessed the situation, and has funded and carried out the necessary structural work. They asked if the Alumni would be willing to fund raise to cover the cost of the tower. It was suggested that the tower could be designated as the Alumni Tower, if the Alumni raised the money to replace it.

There has been a proposal to create a garden in the space between the PNC Building and the street. It will not be a Victoria Garden like the one that use to be there, but it will be a nice modern garden.

When the Alumni first requested storage space in the PNC Building, we were told there was no space, now the Town of Truro says there would be space available.

The Alumni will create a committee to look into this.

PRESIDENT'S REPORT
Sandy MacDougall gave the following President's Report. I am typing it in Sandy's own words exactly as he sent it to me in an email.

I'd like to start by reviewing a few news items:

- NSTC Trust—Only two applications were received this year, and only one scholarship was awarded.
- PNC Building—Work is progressing on the new library.
- Building Fund—final disbursement has been decided upon
- Materials in Storage—have been divided between the Little White Schoolhouse and the Colchester Museum

I'd like to talk about the Association - It's

current state, how we got to this point, and the future.

Over the last several years we've done a number of things to try to increase membership and therefore attendance at reunions. Namely:

- introduction of social media (Facebook, Twitter) use of a web site
- scheduled Saturday afternoon activities at reunions
- more recent grads on Council
- made an effort to have interesting guest speakers at the Reunion Opening

Most recently we've:

- increased membership fees
- changed reunion pricing structure
- eliminated free tickets to Reunion for most

That effort has either made no difference or barely kept the Association afloat.

Currently we are in a situation where this Reunion (2015) will be a turning point. If we have numbers that don't meet expenses, even with our new pricing structure, and other financial restraints that we've put in place, this will be the last reunion.

If this reunion breaks even (or better), I believe we have a structure that is sustainable, however for that to be the case, we need to have interest and assistance from the membership and new members.

I'll leave you with a challenge ... if you want YOUR Association to continue, YOU need to bring new members, YOU need to support YOUR Association, and YOU need to assist the Past President in finding a new President.

I've notified the Executive and Council that I intend to resign as President as soon as a replacement is found. I'm putting it that way because I don't want to abandon the Association, but I don't want that to mean, there should be no effort made to find a new person to fill the position. I honestly feel I've done all I can do to move the Association forward, now it's time for someone else to continue the momentum.

It was moved by Sandy MacDougall and seconded by Anne Marie LeBlanc to accept the President's report as presented. Motion carried.

APPOINTMENT OF AUDITORS

Harold Barkhouse and Tom Acker did not reoffer to be our auditors this year, so as of now we don't have auditors for the year 2015 - 2016.

President. There is nothing that requires the Vice President to evolve to the role of President, and it is my opinion that her wishes in this regard should be respected.

In addition to resigning in my role as President, I will also be stepping back from the roles of Reunion Co-Chair and Newsletter Editor. These roles will need to be filled as well. I will, if the membership desires, continue to look after the Website and social media (FaceBook and Twitter) accounts.

It's time for a change in leadership and new Newsletter Editor and Reunion Co-Chair. New ideas, new energy and a continued commitment to develop and grow our Association are the keys to continued success. Thank you to all those who I've worked with both on the Executive and the Full Council during my time with the Association, and to those who have supported the Association in various ways as members or other interested parties.

Sincerely,
Alexander MacDougall
President

Building Fund and Stored Material

As you are, no doubt, aware, there was a fund raising effort for many years that became known as "The Building Fund". The intention of the fund was to establish a venue by which materials, documents and artifacts of PNC and NSTC could be kept and displayed.

As time went on it became obvious that this fund would never support a building. It also became obvious that through a series of well-intentioned acts the fund was really no longer in the control of the Alumni Association. In fact, for most of the time the fund existed, the Little White Schoolhouse Museum held the money, issued tax receipts and accounted for it in their tax reports and statements.

After unsuccessful attempts to create situations that would address the intent of the donations that made up the "Fund" it became clear that the only way forward was to hand the money over to an organization that could look after the materials.

This brings us to the storage locker and it's contents.

When NSTC closed, a significant amount of material became the property of the

An agreement was reached with the The Colchester Historium and about 85% of the contents of the locker was moved

there, with the remainder going to the Little White Schoolhouse Museum. It is appropriate that these museums be the caretakers of material from PNC and NSTC. They have the space, training and personnel to manage such materials.

With the materials moved and in good hands the “Building

A sincere “Thank You” to all who contributed to the “Building Fund” over the years. Please support these two great Museums in Truro, as they continue to support PNC and NSTC.
